

ABOUT CONFERENCE

After the success of previous two International Conferences- IEEE IC4 (International Conference on Computer, Communication and Control)-2015 & IEEE CDAN(Colossal Data Analysis and Networking)-2016, we are proud to announce our third conference in this series Springer ICANI (International Conference on Advanced computing, Networking and Informatics)-2018. This conference will be held in Indore, Madhya Pradesh, India during February 22-24, 2018.

The scope of ICANI'18 is to provide an international forum for exchange of ideas among interested researches, students, developers and practitioners in the areas of Advanced Computing, Networking and Informatics. The technical program of the conference includes plenary / keynote speeches, oral paper presentations and poster sessions. Accepted papers will be sent for publications in the Springer AISC series 11156.

ABOUT MEDI-CAPS

Medi-Caps has been a brand name in the arena of technical education. Since its inception in July 2000, it has consistently aimed at creating an ideal ambiance for budding technocrats and managers, and helping them to grow like true professionals. With its highly qualified faculty there seems an optimal blend of academic brilliance and industry exposure, supplemented by highly specialized visiting faculty and industry experts, senior professionals from various segments of industries and business houses. It is time now to spread wings and move out for more exposure and widening of the periphery. Hence the foundation of Medi-Caps University has been laid down. With a strong foundation of the Group since 17 years, Medi-Caps University wishes to maintain the same objective of imparting quality education and producing sound professionals for the benefit of the society at large.

ABOUT INDORE

A trading hub between the Deccan and Delhi in the 16th century, the city of Indore was discovered by Rao Nandlal Chaudhary in mid-1710. Rani Ahilya Bai Holkar, with her keen interest in education and planning, built this city. Today, Indore, the state's largest city, offers a spectacle of majestic palaces co-existing with commercial centers. Apart from being considered as the state's commercial capital, it is also known for mouth-watering culinary experience. It is in the first 20 cities to be developed as smart cities.
